

CHRISTMAS PARTY 2023!

We are going back, back, back to the years when the December event was truly a party for the dancers - large group games, scavenger hunts and other fun activities!

Over the years, this event has morphed into a mini-production that takes a lot of time, effort and stress on the staff, dancers and families. At this coming year's Christmas Party, the dancers will still dance for the crowd, but it will not be the focus of the event.

The dancers will not be costumed and on a stage. They will be performing whatever they have learned of their Spring Production dance (1-2 minutes per group), in their uniform, in the large open space, and spend the rest of the time engaged in fun & fellowship with the other dancers.

The fee for the Christmas party is still the same - \$15 per family and a treat to share. As always, the \$15 helps us pay December rent (no tuition is due in December) as well as provide the games and activities for the dancers. If there is money left over in the budget, the dancers may receive a small gift.

This is a party for the dancer and her immediate family only. The Spring Production is the event where you should invite your friends and extended family.
